

SKYLAR JEMMA MAKEUP ARTISTRY 2024  
BRIDAL PORTFOLIO

# Who am I?

Hi, I am Skylar Jemma!

I am an internationally accredited professional makeup artist.

I have been in the bridal makeup game for 4 years. I specialise in bridal, on-screen, photographic, special occasion and editorial makeup.

Bridal truly is my favourite industry within the makeup artistry sphere. I treasure these special moments I get to be a part of and absolutely enjoy every moment of making my brides feel like the best version of themselves!

I specialise in what I like to call "feature-enhancing soft glam," a style that beautifully bridges the gap between full glam and the 'super natural' look. My approach focuses on creating flawless, non-cakey skin that radiates a healthy glow, with perfectly defined eyes and natural lips. This style is meticulously designed to ensure you look radiant and photo-perfect from every angle, yet still resemble the best version of yourself—elevated and flawless when seen up close.

# Love Notes, from past bride's

Skylar transformed me into a glowing, magnificent bride. I felt amazing all day! She has precision, style, and is very professional. Don't hesitate to book her for makeup for any occasion. She is without a doubt the best there is!

- Kristina, 2022

Skylar, you are such a blessing. Any bride is unbelievably lucky to have you on their glam squad. You made all my bridal dreams come true and I am so grateful for you!

- Jordynne, 2022

Skylar did mine, my bridesmaids and my mom's makeup for my wedding. From the beginning of my experience, Skylar was professional and so enthusiastic about her artistry. She used my Pinterest board for inspiration and she knocked it right out of the park. I have never felt so beautiful in my life, and my bridesmaids and mom looked so stunning too. Skylar is so phenomenal to work with, so easy going and so incredibly passionate about what she does. I would recommend her 1000 times over. Thank you, Skylar!

- Gia, 2022

# Love Notes, from past bride's

Skylar and her team were my makeup artists for my wedding in May. To say she was incredible is an understatement, she did such an amazing job and make me feel so beautiful on my big day as well as at my makeup trial. She has so many tips and tricks and she left everyone in my bridal party touchup kits which was such a special touch. I could not recommend Skylar enough, both for her amazing service but also because she is just an wonderful person who made me feel so beautiful on my wedding day. Thank you Skylar!

- Sheree, 2023

Skylar brings so much more to the table than amazing makeup skills; she is kind, gentle and a lovely person to be around. She goes the extra mile for her clients in so many ways, and played such an important part of my wedding day by limiting stress.

I would highly recommend Skylar Jemma Makeup Artistry.

- Shayla, 2023

# Love Notes, from past bride's

Skylar did my wedding make up (as well as my bridesmaids' and mother's). She was absolutely incredible. From the start of the process where I sent her photos of my ideas and described what I wanted, to the make up trial she came and did in the comfort of my own home, to the most stress-free and beautiful day of my life. I have told many people that I have never felt as beautiful as I did on my wedding day, and a HUGE part of that was because of Skylar. In addition to her incredible skills, she is also a lovely person, and I'm very grateful for her role on my special day.

- Dani, 2021

Skylar was absolutely amazing! she did both my bridal makeup and my bridesmaids makeup. She made us all so comfortable and followed exactly what I asked for. She was super helpful and informative and even gave us care packages on the day. She stayed to fix my makeup after my ceremony!  
Absolute amazing service!
